

Date 1st August 2012	 SCAA <small>Seychelles Civil Aviation Authority</small> SEYCHELLES INTERNATIONAL AIRPORT AIRSIDE NOTICE	SIA AN 03 / 2012 Permanent / Compliance
INTENDED RECIPIENTS:	All Aircraft Operators	
SUBJECT:	Marshaling Guidance	

1. This Airside Notice serves to inform all airside users that effective 15th August 2012, it is mandatory that all aircraft operating on the operational apron and Northern Parking Area (NPA) at Seychelles International Airport are provided with marshaling guidance for the purpose of parking, taxiing out and engine startups.
2. The marshallars should be properly trained and certified to carry out these duties.
3. Marshalling services at this airport is provided by Air Seychelles which is the sole ground handler. Ideally, operators should seek to use their services. In instances that operators wish to make alternative arrangements, permission should be sought from SCAA.
4. In instances, such as emergencies, that Air Seychelles or any other approved marshaller cannot provide the service, ACMC should be contacted in advance for necessary arrangements to be made for an exemption.

Should any further information required, do not hesitate to contact us.

Thank you
