Issue: 3

Civil Aviation Directive:

Design, production or distribution of aircraft, aircraft components or aircraft materials

GENERAL

Civil Aviation (Safety) Regulations, 2017, regulation 110 empowers the Authority to issue civil aviation directives on the matters which are prescribed by regulations.

PURPOSE

Document SCAA CAD-AIRW/7-1 contains the technical standards, rules, requirements, methods, specifications, characteristics and procedures which are applicable in respect of the *Design, production or distribution of aircraft, aircraft components or aircraft materials*.

APPLICABILITY

Civil Aviation (Safety) Regulations, 2017, regulation 7.

INCORPORATION OF INTERNATIONAL AVIATION STANDARDS

Civil Aviation (Safety) Regulations, 2017, regulation 110 empowers the Authority to incorporate by reference into a directive, any international aviation standard.

The international aviation standard known as "European Aviation Safety Agency, *PART-21* (dated 24th September 2003)", as applicable to the *Certification of aircraft and related products, parts and appliances, and of design and production organisations*, is incorporated into the technical standards contained in this document.

DIRECTIVE

It is hereby directed that the certification of aircraft and related products, parts and appliances, and of design and production organisations, are those laid down in the EASA PART-21, inclusive of all associated AMC and AGM, (as defined by the EASA) except as provided for below.

COMMENCEMENT

This Directive shall come into force on 31st July 2017.

EXCEPTIONS

Nil
